CLAY CITY, KY., THURSDAY, JUNE 5, 1913.

NO. 23

Case Against Watson Dismissed.

The indictment against Henry Watson, an attorney and real estate agent of this city was dismissed in the Criminal Court at Louisville Thursday on the motion of Commonwealth Attorney J. M. Huffaker, who said he did not believe a conviction possible.

The prosecuting witness was Mrs. Bettie Hon Knox, who had alleged that Watson failed to turn over to her \$2,500, part of the money said to have been involved in a real estate deal he arranged for her. The proceedings were instituted at the instance of Mrs. Knox, who was represented by Aaron Kohn and Jas. P. Edwards, who concurred in Mr. Huffaker's motion.

The fact that the indictment was dismissed by the Commonwealth Attorney, whose motion was concurred in by the attorneys for the prosecuting witness shows there was very little in the charge against Mr. Watson.

According to figures compiled by the State Department of Education, the school census for 1913 will be over 10,000 less than that of last year. The estimate is based on reports received from thirty-four counties. Figures for Powell county are not available at this time.

Mr. Geo. Moore, Superintendent of the Knights of Pythias Orphans' Home, Lexington, Ky., will give a lecture for the benefit of the order at the Christian church Clay City, Ky., June 10th, 1913 at 7:30 p. m. Every body invited. No charge for admission.

A nice looking young man was arrested at Mt. Sterling Tuesday who could not give his name, age or address, having lost all memory.

New Local Firm.

Dr. Martin and Gran Hackworth have bought county rights for a new patent churn that surpasses any other we have yet seen for both efficiency and simplicity. They will soon be ready to put this indispensable article on the market at a very popular price. They have bought rights for Powell, Estill, Montgomery and Clark counties.

The court house at Campton was burned before daylight last Thursday morning. The fire was of incendiary origin. Loss, \$7,000 with insurance for \$6,000 on the building.

T. J. Ponder, of Bowen, Republican candidate for Sheriff of Powell county, is in the city today in the interest of his candidacy.

Another Bridge Agitated.

The continued fullness of Red River, which cuts travel between Spout Spring and Winchester, has caused the revival of talk for a bridge at the mouth of Lulbegrud creek, between Estill and Clark counties. This bridge would be of great convenience to the people of that part of Estill county and of momentous value to Winchester and Clark county. A large trade is always going over this route to the Clark county capital when the river is down, but when it is up this travel must come round by the Walter's Ferry bridge and usually is stopped.

The writer was reared in this section of Estill county and knows what a bridge at the point above mentioned would be worth to these people, and to the residents of Clark county as well. We hope to see this bridge built at an early date and are willing to aid the prospect in any way we can.

J. D. Tipton, of Stanton, is in the city today.

Rev. L. F. Mann preached at Jackson's Chapel Sunday morning and at Kimbrell in the afternoon delivering two helpful sermons.

Judge Hugh Riddell drove over to Clay City last Sunday afternoon. We hope he did not fail to notice the road between Sams and Spout Spring which is the worst ever.

Mrs. Claude Crow died at the home of her mother, Mrs. Curt Richardson, last Saturday morning and was buried at the Poor burialground last Sunday afternoon. We sympathize with her husband, mother, brothers and sister in their loss of their loved one and hope that God may brighten their lives and drive away their sorrows.

Mr. Charlie Jackson has returned from a trip through the Blue Grass and reports photography business as doing fine.

Children's Day will be held at the Christian Church this coming Sunday. A splendid program has been prepared.

Miss Martha Payne, of Frenchburg College, was here a few days visiting an especial and other friends in town.

Alex Hatton and family have moved to Bowen where he will tend land on shares. His sick girl he left at John Hatton's.

County Attorney M. A. Phillips was around Bowen Tuesday looking after the roads and in the interest of a bridge near there.

Dr. J. E. Lemming decorated the grave of his wife at Lexington on Memorial day and then left for Cincinnati for a few days' visit.

Miss Melinda Hatton has been very sick with measles and was taken to the hospital Tuesday to have an operation for a tumor in the stomach.

Miss Mina Knox, who has been attending a training college in New York City, has returned home and was a recent visitor to her many friends in Stanton.

Quite a crowd from near by towns came to Stanton on Decoration day and strewed flowers on the graves of their loved ones. We hope they will return soon and beautify the same by a little work.

Lemon Richardson, the seven-year-old son of Willie Richardson and wife, of Morris Creek, was taken to the hospital at Lexington to be operated on for appendicitis. The Doctor thinks that he will come through all right.

There were quite a number of people here on County Court day, most of them on business. Among them were Judge Gourley, of Beattyville, Banford White, of Irvine, Chas. Spencer, of Winchester, and Mr. Bush, of Torrent.

In the County examination recently held, besides the teachers at the college who received first class certificates were: Richard Crowe, Ethel Baker and Mamie Derickson. Their grades were high well deserved. There were six second class, one third and nine failures.

Mrs. Bettie Hardwick, Romulus Jackson, A. T. Stewart, Mr. and Mrs. J. C. Hanley, Emmet Altar, Misses Lillie and Maud Boone, Nancy Ewen, and perhaps others will attend the Powell County Sunday School Convention at Bowen Thursday and Friday of this week.

Dr. I. W. Johnson lost a very valuable horse one day last week. He had been busy waiting on the sick on that cold, rainy day and the horse became chilled and died from colic and acute indigestion. A veterinarian from Winchester was summoned but could give it only temporary relief.

The home of Dan Milton was struck by lightning during the severe storm Sunday night and tore the house up so that they had to move out. The bolt knocked all the family to the floor where they were insensible for some time but it did not leave any bad effect on any of them. Mrs. Lillie Jonakin and Miss Myrtle Milton, of Winchester, were summoned home but returned Tuesday.

Revival meeting will commence at the Christian church the fourth Sunday in June. Let us hope that this meeting will revive some of the members already in the church more than to fill the church records with a long list of names. A half a dozen good live working members are better than a church full of drones who lay back in the harness. It might be a good thing for the preacher to open up the back door of the church and ask a lot to step out of the church. They never were nor never will be any account to the church.

The Social given by the Boys Club a few days ago was not well attended by the town people and they barely made expenses. We ought to help our boys out in every way we can. The Club is very deserving and needs the patronage of our towns people. Too often do we neglect in providing for the social life of our boys and then when they seek baser forms of amusement, we wonder why so many of them go wrong. Right kind of amusements in the home and in the club are fine for our boys, and we older people ought to encourage them when they are trying to raise money for a worthy cause.

The storm of Sunday evening and night will long be remembered by many people. Seldom have we such display of lightning and down pour of rain. Many trees were uprooted and gardens were ruined in some sections by the hail that fell. Mrs. Mapels, of Hatcher Creek lost about forty chickens as well as a great many other people. At North Bend some of the people who were caught in the storm while attending services were compelled to stay all night in the church house and the near by homes were crowded with those who could not get home. It was a difficult time for the preachers as the storm was in its fury about the time they were speaking.

Judge Hugh Riddell, of Irvine, is to have opposition in the Democratic primary of the 23rd Judicial district in the person of the Hon. J. Mott McDaniel, of Beattyville, who came out in a card last week to the voters of that district. Mr. McDaniel is a fine man and one of the best Democrats we ever saw. He has made several speeches in Clay City during past campaigns which has occasioned the people of our city to concur in entitling him the "Silver-Tongued Orator of the Mountains." We regret the conflict between Mr. McDaniel and Judge Riddell as we ordinarily would be anxious to support each one, but in this instance we must refrain from giving aid to our most highly esteemed friend, Mr. McDaniel, in favor of our old teacher, and life-long friend, Judge Riddell, who possesses every requisite of a legal jurist, moral and Christian gentleman, the like of whom only should be elevated to any office of trust.

Another Republican candidate announces for office in the TIMES this week. Mr. Jas. G. Rogers, of this city, comes out for Sheriff in the Republican primary, August 2nd. He also announces that his Deputy will be J. J. Reed, of Genet, if he is elected. Mr. Rogers is very popular with the members of his party, and many Democrats as well, therefore, possibly, he would be as strong a candidate as his party could put up against the Democratic nominee. Jim is our friend and we only regret that he is on the wrong side of the house which prevents our lending him a large measure of aid. He is not likely to have opposition in the primary for the Republican nomination.

Large quantities of booze are alleged to be going from stations at Clay City, Shawanee, and Vir den, transported by personal carriage of unscrupulous persons, who evidently have built up a good business over in Estill county along the construction works of the new L. & N. Railroad from Winchester to Irvine. They come by way of the L. & E. Railway to escape possible detection by the Irvine authorities should the liquor come around that way. The liquor is supposed to come from Winchester and Lexington saloons, and is certainly in abundance if all the reports be true. Here is work for both the Powell and Estill authorities to perform.

Mr. I. S. Boone, of Stanton, will make the race for County Court Clerk. Mr. Boone is a thorough Democrat, well-qualified for the place, being a sober man and attentive to all business entrusted to his care. He has had considerable experience in the Clerk's office, having served as Deputy Clerk under his father when he was clerk of the court several years ago. He has since done considerable work in the Clerk's office, which will enable him to be prepared at once to take charge of the office in a business-like way, should he be elected this fall.

We believe the free state primary will prove defective in more than one way. Still it is a good law. One defect we observe is that at least the minimum of petitioners should be what the maximum now is.

There is a movement among the Woman's Suffrage leaders of Kentucky to form bands of women to walk over the State in tramps to excite interest in their cause. This is to be planned after the campaign in New York last winter. A few such raids as this will demonstrate the unworthiness of the tramps.

The Times believe in women having the right to vote on all questions in which their moral and financial rights are trampled, as in the whiskey traffic, but on all questions they do not naturally interest themselves, then why should a bad feeling for the opposite sex be aroused, and too for something they care nothing for.

Mr. Geo. M. Rogers, of Xena, candidate for Assessor, was in the city yesterday morning mingling with the Democratic voters in this section. Mr. Rogers is a son of Dr. Rogers and a brother to J. B. Rogers. We are not intimately acquainted with young Mr. Rogers, but from the reputation his neighbors give him, he is a man well fitted for the place, and will make a good race. Democrats of the county should give due considerations to his candidacy. See his announcement in this issue of the TIMES.

It is a difficult proposition to get some one to prosecute some one else for violating the law as they themselves have violated it. This is what is frequently expected of officers and jurors and this is why the law is not often enforced when it would be with different men in office and different men serving as jurors.

Mr. J. S. Ewen, of Stanton, announces in this issue of the Times for County Judge in the Democratic primary. Mr. Ewen is one of the County's substantial farmers and financiers, and well fitted for the office to which he aspires. He has a large support and will be in the lead for the fight, and the one who defeats him, if he is defeated at all, will know that he has been in the race.

There, so far, are no announced Democratic candidates for either Jailer or Superintendent of Schools in Powell county. These offices will each pay more the next terms than formerly, as the law provides an increase of salary for both. There should be several aspirants for each office under the more favorable conditions of the future.

To its honor there is not a suffragette in Powell county.

There is a new contagious disease spreading over Kentucky and killing a great number of horses. The veterinarians diagnose it as catarrhal fever. They are sending out warnings to all live stock owners not to expose their horses if it can be helped. They are also advising that all horses so exposed or affected should immediately be inoculated with influenza antitoxin. In many sections horses are dying like hogs with the cholera.

Farm Drain Tile

Make Your Wet Land Productive.

By the use of drain tile you can turn that low, wet, useless, swampy field into the most productive spot on your farm. Good tile, properly placed, not only carries off surplus water, it admits air to the soil and makes it easy to work. It improves any soil. The increase in the value of the land is many times the cost of the tile. The first year's crop from tiled land pays for it. Any body can do the work successfully. Write for particulars or call at our plant.

RIGHT HERE IS YOUR CHANCE TO BUY THAT TYPEWRITER!

This is a straight-from-the-Shoulder Typewriter Talk by a Typewriter Man to the Readers of The Clay City Times.

No other typewriter built—regardless of any claims made—is the equal of the new Fox Visible Typewriter either in material used, or in workmanship, or in the number and convenience of its special features. There are many good typewriters being built and sold, but we claim for the new Fox Visible Typewriter that it is better than the best of these, and that its automatic features combined cannot be found in any other typewriter. The New Fox is a typewriter that will meet with the approval of the most critical user. A single demonstration will convince you—we will make it at our expense, if you will, permit us.

Whether you have had the use of a typewriter or not, you have paid for one many times over. Yes, sir, we mean it; every day you continue using the old, slow method of writing with a pen you are unconsciously paying for a typewriter. The farmer who cuts his grain with a scythe pays with every drop of sweat for a reaper. If you are neglectful of your wearing apparel and expose yourself unnecessarily to the rain and cold you are paying for the very things that would have kept you well and comfortable. Remember this and mark it well: You must pay—pay—for the necessities of this life, whether you use them or not.

THIS IS THE NEW VISIBLE FOX "BETTER THAN THE BEST OF ALL OTHERS." SENT ON FREE TRIAL, Express Paid.

Look at the illustration of our New Fox Visible Typewriter, shown above, and compare it with any other typewriter you have ever seen or used. Here is a really VISIBLE typewriter—note that the printing point is on top in plain sight, and that the type bars rise from where they are lying and strike the platen in full view of the operator, and in a direct line of vision, and that all of what you have written remains in full sight until the paper is removed from the typewriter. Compare this with those old style typewriters, that some firms are still advertising as "visible," but on which the printing point is beneath the typebars, and you have to look down into them—or between them—to see what you have written. Touch a key in the keyboard and you change the color of your writing instantly from black, blue or purple to red. Press the Tabulator Key at the left (in front) for paragraphing, writing the complimentary closing, etc.; also for all kinds of billing. At the right (in front) is our Back Space Key. This moves the carriage backward for making corrections, or putting in punctuation. This key also enables the operator to erase a word of three letters and write one of four in its place. Press the Stencil Key shown at the left (front) for making stencils from which thousands of duplicate letters can be made. Four rows of keys reduce the shifting one-third. The right Shift Key looks automatically for writing in all caps. A positive automatic Line Lock prevents you from writing beyond a predetermined line. The ribbon travels in a "zig-zag" line—not straight across from spool to spool as on others—thus using all of the ribbon and making it last three or four times as long as on other typewriters. The ribbon is interchangeable, and runs on itself from one spool to the other without any attention from the operator. Carriages are interchangeable, and run on ball-bearing tracks. Platens are removable, so that both a hard and soft platen can be used on the same typewriter. Extremely light touch. "No falling hat" is lighter than the touch of the Fox Typewriter. Choice of Elite, Pica, Condensed Roman, Medium Roman, or Italic Type—we carry more than three thousand special type in stock, of our own manufacture, and can furnish keyboards for any language. The Fox has an easy, almost noiseless action, is very durable, and is sent complete with cleaning outfit and metal cover with hardwood base.

This is the Fox, the typewriter we manufacture—this is the typewriter that we will send to anyone anywhere in the United States on Free Trial, all express charges fully paid—no "red tape"—no delay—no obligation to buy. If purchased after trial you can pay a little down—whatever you can spare—and the balance in small monthly payments.

Reader, in all sincerity we can honestly say this proposition has never been equaled by any other typewriter company, and all we ask is that you write us today—NOW—giving us your name and address so we can send you our catalog and write you personally about our typewriter and Free Trial offer.
